Rivka's First Thanksgiving:

Rivka's First Thanksgiving Elsa Okon Rael, 2004-10 To the Rabbi Yoshe Preminger Sir My Bubbeh believes you are the wisest man in the whole world but I cannot agree with her You have read a thousand books but you do not seem to understand that immigrants came to America to escape from mean wicked people who hurt them and their families That is why the Pilgrims came and that is why the Jewish people came later The Pilgrims were thankful and I think that we should be too Signed by Rivka Rabin

A to Zoo Rebecca L. Thomas, 2018-06-21 Whether used for thematic story times program and curriculum planning readers advisory or collection development this updated edition of the well known companion makes finding the right picture books for your library a breeze Generations of savvy librarians and educators have

relied on this detailed subject guide to children's picture books for all aspects of children's services and this new edition does not disappoint. Covering more than 18,000 books published through 2017, it empowers users to identify current and classic titles on topics ranging from apples to zebras. Organized simply with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically, this reference applies more than 1,200 intuitive, as opposed to formal, catalog subject terms to children's picture books, making it both a comprehensive and user-friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections, to find books on particular topics for young readers, to help teachers locate titles to support lessons or to design thematic programs and story times. Title and illustrator indexes, in addition to a bibliographic guide arranged alphabetically by author name, further extend access to titles.

Suffer the Little Children Jodi Eichler-Levine, 2015-04-08. Examines classic and contemporary Jewish and African American children's literature. Through close readings of selected titles published since 1945, Jodi Eichler-Levine analyzes what is at stake in portraying religious history for young people, particularly when the histories in question are traumatic ones. In the wake of the Holocaust and lynchings of the Middle Passage and flight from Eastern Europe's pogroms, children's literature provides diverse and complicated responses to the challenge of representing difficult collective pasts. In reading the work of various prominent authors, including Maurice Sendak, Julius Lester, Jane Yolen, Sydney Taylor, and Virginia Hamilton, Eichler-Levine changes our understanding of North American religions. She illuminates how narratives of both suffering and nostalgia graft future citizens into ideals of American liberal democracy and into religious communities that can be understood according to recognizable notions of reading, domestic respectability, and national sacrifice. If children are the idealized recipients of the past, what does it mean to tell tales of suffering to children, and can we imagine modes of memory that move past utopian notions of children as our future? *Suffer the Little Children* asks readers to alter their worldviews about children's literature as an innocent enterprise revisiting the genre in a darker and more unsettled light.
