We cannot divide it by seasons We can only record its moods and chronicle their return With us time itself does not progress It revolves It seems to circle round one centre of pain The paralysing immobility of a life every circumstance of which is regulated after an unchangeable pattern so that we eat and drink and lie down and pray or kneel at least for prayer according to the inflexible laws of an iron formula this immobile quality that makes each dreadful day in the very minutest detail like its brother seems to communicate itself to those external forces the very essence of whose existence is ceaseless change Of seed time or harvest of the reapers bending over the corn or the grape gatherers threading through the vines of the grass in the orchard made white with broken blossoms or strewn with fallen fruit of these we know nothing and can know nothing

**De Profundis (Annotated)** Oscar Wilde, 2020-02 Differentiated book It has a historical context with research of the time In case you do not know what *De Profundis* is about you should warn them that it may not be suitable for anyone to read Unless they have an extremely curious spirit and want to read it because they do *De Profundis* is the letter that Oscar Wilde wrote for Alfred Douglas or Bosie in other places you can say it was the letter to his lover and things like that but for me it is the letter for the culprit of his ruin from Reading jail As I said at the beginning I do not see that it is something of general interest yet they usually publish letters from recognized writers But for someone who like me loves Oscar Wilde and his work *De Profundis* is essential Let's see the letter begins by exposing and remembering all the things Oscar did for the stupid Bosie It becomes somewhat jagged and recriminating and does not fail to point out to the recipient all its failures and defects He does a review of specific events and sometimes includes dates and places we find out what his relationship was like from Wilde's own perspective The whole first part caused me anger and frustration I could not believe that someone as exceptional as Oscar has ended up interacting with a person as immature stupid and capricious as Bosie was The same writer realizes that but was already too involved to cut the problem at the root He tells us how he was involved in the critical relationship between Douglas son and father and how that mutual hatred they had ended up finding him guilty and sending him to jail He tells us about love and hate he does not stop mentioning suffering and pain He talks to us about art and has a few moments of pride in this regard although coming from him they are completely justified He tells us how he felt his material artistic and spiritual ruin he has a theological moment in which he reflects on religion and on Christ and towards the latter he tells us about the transformation he had in his experience in prison how pain and suffering opened his eyes to other types of beauty that he had not previously known or wanted to appreciate How all this he lived made him a new person

**(Annotated)** Oscar Wilde, 2021-04-10 Differentiated book It has a historical context with research of the time This book contains a historical context where past events or the study and narration of these events are examined The historical context refers to the circumstances and incidents surrounding an event This context is formed by everything that in some way influences the event when it happens A fact is always tied to its time that is to its characteristics Therefore when analyzing events that took place tens hundreds or thousands of years ago it is essential to know the historical context to understand them Otherwise we would be analyzing and judging what happened in a totally different era with a current perspective He finished reading the moved works of Oscar Wilde s last works written after a fundamental experience in his life which was the penalty of two years in prison in Reading prison As a prologue to this recommendation I will begin by saying that once again I have discovered the relevance of the fine print of History Contrary to what many people probably think I thought so Oscar Wilde was not brought to court for something that suddenly someone discovered In Victorian society everything was known It was Lord Alfred Douglas Wilde s lover who convinced him to complain against his father Douglas the Marquis of Queensberry for defamation
