**DISCLAIMER:** The following material is primarily derived from the book *The Montauk Project* (©1992, Skybooks), written by Preston B. Nichols and Peter Moon. This book gives the supposed history of several government projects, starting with the infamous "Philadelphia Experiment" conducted in August of 1943. Although the book tries to pass itself off as a "nonfiction" examination of the events, it's painfully obvious (to me anyway) that most of the content is pseudoscientific gibberish. This article is an attempt to present the information contained in the book in a manner usable with *HERO System 6th Edition*. It's not, by any stretch of the imagination, meant to be considered a presentation of "what really happened." So with that in mind, read on and enjoy.

## THE PHILADELPHIA EXPERIMENT

And, of course, conspiracy buffs are more than happy to create wild, intricate plots involving virtually anyone and everyone on the planet (and in the case of the Philadelphia Experiment, *off* the planet).

The exact nature of the test is open to speculation, with possible candidates including experiments in magnetic invisibility, radar invisibility, optical invisibility, or degaussing (rendering the ship immune to magnetic mines). The test (or
