About the SAT Essay

No part of the SAT has been more deeply affected by the redesign than the Essay. Nearly everything about the Essay has changed, from the format and length of the test to how it's scored to the fact that the test is now optional. To do well on the new Essay, you'll have to have a good sense of what the test will ask of you as well as the reading, analysis, and writing skills required to compose a response to the Essay prompt. This chapter is intended primarily to get you more familiar with the redesigned Essay. After we discuss the test in general, we'll turn to some sample prompts as well as examples of student papers and what scores they would receive. Before that, though, we'll quickly examine how the Essay has changed with the SAT redesign.

Key Changes to the SAT Essay

Even if you're planning to take the redesigned SAT Essay in March 2016 or later, it may be helpful to know what the test was like prior to spring 2016 to get some sense of how significantly different the redesigned Essay is. The following table lists those key changes, which the rest of this chapter will delve into in more detail.

[The New SAT Essay](#) Elizabeth Yoshida, 2016-09-08. Now I have a 4 part video series available on YouTube that can be used as a companion to this book. When you're on YouTube just search Test Prep Spot Elizabeth to find the videos. My name is Elizabeth and I'm the creator of The Test Prep Spot. I'm also a private tutor for high achieving students preparing for the SAT. Additionally and most importantly I'm a special education teacher in a public school working with students who have learning and language challenges. The more I tutored the more concerned I became about my special education students. They would need more supportive materials in order to understand what's covered on the SAT. They would also need simplified explicit instruction in content and strategy. So I made my own study guides and The New SAT Essay Writing Guide is my answer to this problem. Inside the guide you will find step by step instructions that take you from start to finish. This book provides a formula or template or plan for writing the New

SAT Essay I begin by analyzing the prompt and tell you exactly the kind of essay you're expected to write. Then I teach you about the most common persuasive devices used on published sample and practice essay questions. Next I break down a passage and identify each persuasive device that's used by the author. Then I examine three effective example essays based on just one passage to show you how to use the formula. The example essays are even color-coded to help with understanding the formula. Finally, the guide ends with a reproducible template which is extremely helpful for organizing thoughts and learning this writing process. Who should use this guide? I truly believe it can help everyone, but it can be especially beneficial for students who need explicit step-by-step instructions and formulas to be successful writers.
