Patients Experience Using Hospital Services:

Using Patient Reported Outcomes to Improve Health Care John Appleby, Nancy Devlin, David Parkin, 2015-11-24 A practical introductory guide to the best use of Patient Reported Outcomes PROs to improve the quality of health care and patient health Only title to exclusively introduce explain and show how PROs can be best used to improve healthcare and patient outcomes Includes real life examples and case studies of PROs in practice Assesses the growing evidence base for PROs in practice Editor team from Office of Health Economics OHE The King s Fund and King s College London with contributions from practising clinicians GPs and other healthcare professionals

Inpatient Functional Communication Interview Robyn O'Halloran, Linda Worrall, Deborah Toffolo, Chris Code, 2019-10-08 The Inpatient Functional Communication Interview Screening Assessment and Intervention IFCI SAI is a set of four resources for speech language pathologists SLPs and other healthcare professionals working in acute and rehabilitation hospitals They can be used separately or together to enhance patient provider communication in hospitals The IFCI SAI has been developed so healthcare professionals can identify and support patients who have difficulty communicating with a focus on patients with communication disability The following resources are included Screening Questionnaire Designed to identify patients who have difficulty communicating about their healthcare and will need support to communicate with healthcare providers in hospital Inpatient Functional Communication Interview IFCI A semi structured interview that the SLP conducts at the patient s bedside During the interview the SLP investigates how well the patient can communicate in everyday healthcare communication activities If the SLP and patient have difficulty communicating the clinician investigates if any communication supports or strategies enable successful communication Impairment Rating Scales These assist the SLP to rate their initial clinical impressions of the patient s speech intelligibility spoken language and cognitive communicative function Each rating scale provides descriptions of speech language and cognitive communicative function on a five point scale ranging from no impairment to complete impairment Environmental Questionnaires EQs The set of EQs assist SLPs and other healthcare professionals to screen the communicative environment for factors influencing patient provider communication in their setting Once the factors that influence patient provider communication have been identified SLPs and other healthcare professionals may be better informed and more able to systematically address these factors to develop communicatively accessible hospital services

Design for Health Emmanuel Tsekleves, Rachel Cooper, 2017-05-18 One of the most complex global challenges is improving wellbeing and developing strategies for promoting health or preventing illbeing of the population The role of designers in indirectly supporting the promotion of healthy lifestyles or in their contribution to illbeing has emerged This means designers now need to consider both morally and ethically how they can ensure that they do no harm and that they might deliberately decide to promote healthy lifestyles and therefore prevent ill health Design for Health illustrates the history of the development of design for health the various design disciplines and domains to which design has contributed

Through 26 case studies presented in this book the authors reveal a plethora of design research methodologies and research methods employed in design for health The editors also present following a thematic analysis of the book chapters seven challenges and seven areas of opportunity that designers are called upon to address within the context of healthcare Furthermore five emergent trends in design in healthcare are presented and discussed This book will be of interest to students of design as well as designers and those working to improve the quality of healthcare

Grieve's Modern Musculoskeletal Physiotherapy E-Book Deborah Falla,Jeremy Lewis,Christopher McCarthy,Chad E Cook,Michele Sterling,2024-04-02 Originally edited by Gregory Grieve a founder of modern manual therapy the fifth edition of Grieve s Modern Musculoskeletal Physiotherapy continues to offer contemporary evidence models of diagnosis and practice that make this one of the most highly respected reference books for physiotherapists This edition has been fully updated to provide an overview of the latest science in a rapidly evolving field It includes detailed directions for research informed patient care for a range of musculoskeletal disorders as well as up to date information on the global burden research methodologies measurements and principles of assessment and management A new international editorial board with experience in both research and clinical practice bring a truly comprehensive perspective to this book meaning those practising musculoskeletal physiotherapy today will find it highly clinically relevant to their work Edited by an internationally recognised editorial board brings expertise in both research and clinical practice Fully updated with the latest published evidence Clear guidance on evidence based contemporary practice Management of conditions relating to both the vertebral column and peripheral joints Updated reviews on the science and practice of a wide range of treatment modalities Principles of effective communication screening clinical reasoning lifestyle considerations behavioural change and self management Summary boxes and clinical tips to support clinical assessment and management More than 300 figures and illustrations Global burden of musculoskeletal disorders including history epidemiology and new models of care A range of new research methodologies including N of 1 research designs systematic reviews and meta analyses population based cohort studies consensus research and response analyses in musculoskeletal research How to navigate the endless wave of information and assess different levels of evidence New measures New chapter on cost analyses and value based care Digital rehabilitation methods

Putting Patients First Susan B. Frampton,Patrick A. Charmel,Planetree,2008-10-27 The second edition of Putting Patients First showcases what Planetree facilities and the Planetree organization have learned about the commitments conditions practices and policies that are needed to do more than give lip service to being patient centered It should be read by every student nurse physician administrator trustee policy maker and lay person who is committed to creating healing environments holding facilities accountable for their rhetoric and truly reforming health care
