Mistress for a Month Ann Major,2008 **Mistress** Justine Blackwell,Allan Dithan Mugisa,2014-07-04 The last thing any wife would want to hear is that her husband cheating or let alone that he has a mistress Just like the name mistress suggests knowing that your husband has a mistress will undeniably be a source of stress It is heartbreaking to get information of infidelity or cheating on your husband's part and that someone including your husband is not respecting your marriage Although there could be problems within the marriage that need to be addressed but that should not give your husband and the other woman a right to break it down Marriage is not a simple institution to go through because of its challenges such as raising children arranging the household to proper order and taking care of your spouse's needs The best ways to deal with your husband's mistress require you to be calm about the situation so that you don't end up in trouble I can't say it's such an easy situation to deal with but from my experience it's the best way to deal with the issue of that nature Some approaches mentioned in the book might require you to inform her not just about your existence but also of your appearance and your determination to save your marriage Other ways require that you remain undercover and the suspense of not knowing who is behind all of the stress creates just the right kind of agony she should get for snatching your man Below are some hints on what you can expect to get from the book on how to get rid of your husband's mistress Do you want to know whether it is a good idea to tell your husband's mistress about your existence What would be the best way to make a strong statement Ever stopped to think that your husband's email can be used to your advantage If you do not know what email your husband uses then it's high time you got it Using information in the book you will learn how to use your husband's email to humiliate the mistress totally If you are not the type that cooks or prepare meals for your husband then it's high time you got a little busy in the kitchen Make your time in the kitchen count especially by helping to get rid of that mistress If you get information that the mistress is planning a short getaway which could even be with your husband don't just sit back and start crying about it do something The book will show you how you can pull off a plan to leave her with a messy house Let the mistress get to experience some of the pain that you have been going through ever since you got to learn of her existence In the book you will learn of ways to share your pain with no one else but her Your husband's cell phone could also act as a great tool for humiliating the mistress Find out how his cell phone could be of use to you Did you know that it's possible to leave marks on your husband Get to know the type of marks and where to leave them so that the mistress can notice them Find out how you can show the mistress love and shock her at the same time Give her a call that will leave her speechless In the book I will tell you what to say to her that will get her to admit to seeing your husband and will make her end the whole affair without you forcing her to do so When my husband started cheating and found out that he had actually found himself a mistress I did not take it in well at all and wanted the worst for the mistress that was causing me all this pain Eventually I

discovered some subtle and other ways to deal with the situation and it was magical Some of the might seem ineffective but remember it depends on the kind of person who is on the receiving end the mistress what might seem ineffective on one will do just well on another These ways have worked for me and I am pretty sure that you will find at least one that will not just make a difference but work for you fully A single way may be effective on its own or you might need one or two extra Details on the above ways are available for you to explore in the book **The Devil's Mistress** Sarah Holland,1982-01-01
