**Analysis and Optimization
Algorithms for Real-World
Applications**

Carlos Andre Reis Pinheiro

The background of the lower half of the cover features a complex, abstract network visualization. It consists of a dense web of thin, light-colored lines (edges) connecting numerous small, glowing nodes. The nodes are primarily blue and red, with some purple and green hues, set against a dark, almost black background. The overall effect is that of a dynamic, interconnected system, possibly representing a social network, a biological network, or a data network.
