Politicamente Incorrectas:

Reality in Movement Maarten van Delden, 2021-03-15 In the last couple of decades there has been a surge of interest in Octavio Paz's life and work and a number of important books have been published on Paz. However, most of these books are of a biographical nature or they examine Paz's role in the various intellectual initiatives he headed in Mexico, specifically the journals he founded. *Reality in Movement* looks at a wide range of topics of interest in Paz's career, including his engagement with the subversive adversary strain in Western culture, his meditations on questions of cultural identity and intercultural contact, his dialogue with both leftist and conservative ideological traditions, his interest in feminism and psychoanalysis, and his theory of poetry. It concludes with a chapter on Octavio Paz as a literary character, a kind of reception study. Offering a complex and nuanced portrait of Paz as a writer and thinker, as well as an understanding of the era in which he lived, *Reality in Movement* will appeal to students of Octavio Paz and of Mexican literature more generally, and to readers with an interest in the many significant literary, cultural, political, and historical topics Paz wrote about over the course of his long career.

O Discurso Irónico Literário de Mia Couto baseado na formação de novas palavras e de novos sentidos Manuel José Rodrigues, 2024-09-23 Em o Texto Irónico Literário de Mia Couto baseado na formação de novas Palavras e novos sentidos o autor revela como Mia Couto faz uso da ironia sarcástica para denunciar primeiro a guerra colonial e depois a guerra civil que se lhe seguiu, bem como o contexto envolvente. Nas suas narrativas predominantes em prosa poética, ele segue a esteira do realismo mágico precedente de Garcia Marques, que integra o choque cultural entre o discurso colonialista e o discurso do colonizado. O realismo mágico dos colonizados não encaixa no realismo alienante dos colonizadores. No que a este discurso diz respeito, Mia Couto põe na boca dos autóctones muitas referências aos antigamente marcantes da cultura tradicional moambicana. Constate-se a maneira como Mia Couto descreve como colonizados negros estratificam os portugueses em duas classes: os mezungos e os chicacas. Os mezungos são os portugueses bem parecidos cultural e socialmente superiores. Os outros de muito baixo nível sócio-cultural são os chicacas. Mezungos praticamente não há nenhuns. No realismo são todos chicacas. Para um personagem negro muitos chicacas são arrotapeidos, exemplificado na expressão *cala Chi Sr Domingo*. Vocum arrotapeidos

Afrodita desenmascarada María Blanco González, 2017-05-16 Este libro te acerca de manera divulgativa pero bien argumentada a los principios del feminismo liberal. Una corriente que se basa en la defensa de los derechos y libertades de la mujer a partir de los principios del liberalismo: la defensa de la vida, de la propiedad privada y del cumplimiento de los contratos. Conceptos tan actuales como empoderamiento no son para las feministas liberales más que el mal uso del ejercicio de la libertad individual de la mujer, la autoafirmación y la superación de los grilletes del pasado. Esta mala praxis proviene de la política pero lamentablemente también de algunas entidades feministas que si bien en algunos

casos están cargadas de buenas intenciones en otros sirven a un interés sesgado en la búsqueda de poder político y social

Afrodita desenmascarada no pretende combatir a ningún colectivo sino plantear un nuevo tipo de defensa de la mujer por la mujer y sin caer en manipulaciones capciosas o mensajes fáciles

Goya, Chronicler of War : the Disasters and War Photography

Francisco Goya, Sandra Balsells, Juan Bordes, José Manuel Matilla, Centro Atlántico de Arte Moderno, 2009

In the prints of The Disasters Goya compiled a collection of the horrors of the Spanish Peninsular War against Napoleon's troops 1808-14

But his condemnation is impartial alternately critical of the cruelty on both sides and this is why his etchings have become a pacifist discourse that is timeless in its scope

These images are the artist's first banging on the table in protest and they speak directly to our consciences

The way Goya represented war is far removed from any idea of heroism and has few precedents in the history of art

His vehemence is certainly unique however Goya placed his genius in the service of a cause which had no impact on the society of his time

His opinions full of intelligent doubts and mixed feelings remained etched on those prints like a condemnation of war

The object of this exhibition is to project Goya's condemnation forward to our time

And his indignation has been best captured by certain war photographers

Through their dangerous work many of them have constructed a discourse which echoes Goya's view as applied to our own shameful conflicts
