Wilson,2014-07-16 The development of generic skills often referred to as soft skills in accounting education has been a focus of discussion and debate for several decades During this time employers and professional bodies have urged accounting educators to consider and develop curricula which provide for the development and assessment of these skills In addition there has been criticism of the quality of accounting graduates and their ability to operate effectively in a global economy Embedding generic skills in the accounting curriculum has been acknowledged as an appropriate means of addressing the need to provide knowledge professionals to meet the needs of a global business environment **Personal Transferable Skills in Accounting Education** illustrates how generic skills are being embedded and evaluated in the accounting curriculum by academics from a range of perspectives Each chapter provides an account of how the challenge of incorporating generic skills in the accounting curriculum within particular educational environments has been addressed The challenges involved in generic skills development in higher education have not been limited to the accounting discipline This book provides examples which potentially inform a wide range of discipline areas Academics will benefit from reading the experiences of incorporating generic skills in the accounting curriculum from across the globe This book was originally published as a themed issue of *Accounting Education* an international journal **Curriculum Handbook with General Information Concerning ... for the United States Air Force Academy** United States Air Force Academy,1988 CMA ,1989 Managerial Accounting Steve Jackson,Roby Sawyers,2003 This text is unique in its first person discovery learning approach using a 4 step decision making model throughout It truly conveys a management perspective by including coverage of topics such as ABM the value chain and balanced scorecard evaluation techniques It is also the first managerial text to incorporate coverage on knowledge management Ch 13 highlighting the latest developments for improved managerial decision making *Managerial Accounting* Michael Maher,Clyde P. Stickney,Roman L. Weil,2004 This classic text for MBA programs offers balanced coverage of concepts methods and uses of managerial accounting with an increasingly strong emphasis on management decision making This approach helps focus on concepts and managerial uses of financial information rather than techniques of cost accounting The current edition emphasizes international issues strategic effects of decisions ethics and new management accounting trends Also emphasized are process improvement integration of financial reporting issues for management decision making and application of managerial accounting tools to the emerging service sector government and nonprofits in examples and problem material **Management Accounting** Don R. Hansen,Maryanne M. Mowen,1997 The new edition of this successful text continues to cover both innovative and traditional topics in management accounting However by using the activity based framework and by integrating activity concepts

throughout the text students are shown that the traditional methods have limitations while the activity based approach is very advantageous A full chapter on international issues also provides students with a well rounded view of management accounting around the world Other items such as ethical conduct for management accountants enhanced discussion of the value chain and cost behavior covered within an activity framework help future managers learn how they can use management accounting information for the betterment of the companies they will work for *Catalog of Copyright Entries.
