So What's Next! G. J. Griffiths, 2014-05-03 Molly Pearson is a young Biology teacher with two passions in her life a strong commitment to protecting wildlife and a desire to encourage the children in her classes to feel the same enthusiasm for Nature When her class decide they would like to restore the school s neglected and vandalised nature corner her hopes are raised and challenged at the same time The hurdles that she meets along the way will include bullied and bullying pupils as well as the expected ones of finance and willing manpower But leaping those fences does not prepare the ambitious Molly for a dramatic fire and the confusion of a new passion in her life in the form of Oliver Shrimpton Will he become that significant someone or is he just another obstacle for her to overcome G J Griffiths latest novel in the So What series of stories is still based firmly around the events that take place within the walls of Birch Green High School It follows some of the trials and tribulations of Molly Pearson a previous novice teacher who was mentored by Robert Jeffrey the main character from the first book Molly s efforts to spread the important message about protecting wildlife and the natural environment reflect something that has always been important to the author For that reason some of the proceeds from the sales of this book will be donated to wildlife charities Although this book is an exciting novel telling the story of schoolchildren who want to protect garden wildlife it also contains several chapters towards the end with plenty of helpful information for lovers of nature and who want to take a fresh look at making their garden a wildlife garden
