

R8000A Communications System Analyzer

The world's first portable, full-featured communications analyzer

General Dynamics is pleased to introduce a revolutionary product: The R8000 communications system analyzer. The R8000 utilizes leading-edge software defined radio technology to deliver a previously unimaginable result: a truly portable instrument with more functions than today's bench top analyzers.

Weighing only 14 pounds, the R8000 gives service technicians power and flexibility not previously available. This, combined with the unit's feature-packed spectrum analyzer, makes the R8000 ideal for taking to sites for infrastructure maintenance and interference measurement. The unit's bright 8.4" color LCD is well visible in sunlight and features wide viewing angles, making the R8000 your best choice for on-site work.

There has simply never been a communications analyzer that combines this level of portability and power. See how the R8000 can change the way you perform radio and radio system service forever.
