New Challenges To Democratization Democratization Studies:

New Challenges to Democratization Peter Burnell, Richard Youngs, 2009-12-04 This important text explores the widespread contention that new challenges and obstacles have arisen to democratization assessing the claim that support for democratization around the world is facing a serious challenge Bringing together leading international scholars of democratization including Thomas Carothers Michael McFaul Laurence Whitehead Bassma Kodmani Nancy Bermeo Marina Ottaway Shaun Breslin and Renske Doorenspleet this book examines the issues relating to developments within non democratic states and issues related to the democratic world and its efforts to support the spread of democracy Featuring in depth studies on the limits of US democracy promotion the Middle East Russia China and new democracies the book sheds light on such questions as Is the wave of democratization now in retreat or should we be careful not to exaggerate the importance of recent setbacks Do serious sustainable alternatives to democracy now exist Is international democracy promotion finished New Challenges to Democratization brings together a variety of academics and writers from major think tanks in the United States and Europe and makes the book ideally suited to a wide international readership This book will be of particular interest to students and scholars of democratization comparative politics and international politics

Populism in Europe and the Americas Cas Mudde, Cristóbal Rovira Kaltwasser, 2012-05-28 Although populism has become something of a buzzword in discussions about politics it tends to be studied by country or region This is the first book to offer a genuine cross regional perspective on populism and its impact on democracy By analyzing current experiences of populism in Europe and the Americas this edited volume convincingly demonstrates that populism can be both a threat and a corrective to democracy The contributors also demonstrate the interesting similarities between right wing and left wing populism both types of populism are prone to defend a political model that is not against democracy per se but rather at odds with liberal democracy Populism in Europe and the Americas offers new insights into the current state of democracy from both a theoretical and an empirical point of view

New Challenges for Maturing Democracies in Korea and Taiwan Larry Diamond, Gi-Wook Shin, 2014-01-29 New Challenges for Maturing Democracies in Korea and Taiwan takes a creative and comparative view of the new challenges and dynamics confronting these maturing democracies Numerous works deal with political change in the two societies individually but few adopt a comparative approach and most focus mainly on the emergence of democracy or the politics of the democratization processes This book utilizing a broad interdisciplinary approach pays careful attention to post democratization phenomena and the key issues that arise in maturing democracies What emerges is a picture of two evolving democracies now secure but still imperfect and at times disappointing to their citizens a common feature and challenge of democratic maturation The book demonstrates that it will fall to the elected political leaders of these two countries to rise above narrow and immediate party interests to mobilize consensus and craft policies that will guide the structural adaptation and reinvigoration of the society and economy in an era that clearly presents

for both countries not only steep challenges but also new opportunities

Handbook on Development Policy and Management Colin H.
