

## New Cutting Edge Placement Test - Notes & Answer Key

### About the Placement Test

The purpose of a placement test is to identify the most suitable starting point for a learner's study. A placement test is not a diagnostic test, nor an achievement test and should not be used for these purposes.

The test is divided into five tests A-E. Each tests covers the language taught in one level of the *New Cutting Edge* series.

- Test A covers material from *Cutting Edge Starter*
- Test B covers material from *Cutting Edge Elementary*
- Test C covers material from *Cutting Edge Pre-Intermediate*
- Test D covers material from *Cutting Edge Intermediate*
- Test E covers material from *Cutting Edge Upper Intermediate*.

This placement test is intended to produce a profile of the learner's knowledge in English in order to identify the learner's 'cut-off point'. This cut-off point would be the point in the *New Cutting Edge* series, where learning should begin.

Each test (A-E) contains 24 questions. The balance of questions is as follows:

#### Listening Test (4 marks)

- Listening comprehension (4 questions)

#### Reading Test (20 marks)

- Reading comprehension (question numbers 1-8)
- Vocabulary (question numbers 5-8)
- Communication (question numbers 9-12)
- Grammar (question numbers 13-20)

### Using the test and placing students

Each test should be graded separately so that a learners would gain a separate score out of 24 on each test. The **PASS GRADE** for each test is 19/24. The resulting score card might look as follows:

Test A	22/24	
Test B	20/24	
Test C	19/24	
Test D	10/24	X X
Test E	6/24	X X

From the example above, this learner has a good knowledge of English at Starter and Elementary levels, and a reasonable knowledge at Pre-Intermediate level. The learner's cut-off point is clearly at intermediate level, so this learner would be placed in the class studying *New Cutting Edge Intermediate*.
