Okstate Scavenger Hunt:

Oklahoma "Jography": A Fun Run Through Our State! Carole Marsh,2011-03-01 Oklahoma Geography Statistics say most kids know less geography than ever don t let that apply to your students Start by making sure kids know the main places geographic features in their own state Give them activities that pretend they are taking a cross state bike tour using free football game passes jogging through the state etc they ll find their way around in a hurry Geography activities include information on counties rivers museums historic places sites of interest colleges bordering states climate topography crops and more all ready to reproduce Approximately 30 activities and 200 geography related places and facts are covered Students work alone or in groups and use maps reference books or resource people to complete challenging riddles matching games word searches fill in lists scavenger hunts and completion exercises that reinforce learning sharpen research skills and provide a lively introduction to Oklahoma

The BIG Oklahoma Reproducible Activity Book-New Version Carole Marsh,2011-03-01 The Big Oklahoma Activity Book includes 100 activities from Kindergarten easy to Fourth Fifth challenging This big activity book has a wide range of reproducible activities including coloring dot to dot mazes matching word search and many other creative activities that will entice any student to learn more about Oklahoma Activities touch on history geography people places fictional characters animals holidays festivals legends lore and more

Teaching First-Year College Students Maggie Murphy,2019-05-15 The first year experience is an emerging hot topic in academic libraries and many librarians who work with first year students are interested in best practices for engaging and retaining them Professional discussion and interest groups conferences and vendor sponsored awards for librarians working with first year students are popping up left and right A critical aspect of libraries in the first year experience is effective information literacy instruction for first year students Research shows that despite growing up in a world rife with technology and information students entering college rarely bring with them the conceptual understandings and critical habits of thinking needed for finding evaluating and ethically using information in both academic and real world contexts Faculty in upper level courses expect students to learn about the research process in their first year of college and instructors in the first year curriculum expect librarians to teach this to their students Despite all this designing teaching and evaluating effective information literacy instruction specifically for first year students is not necessarily intuitive for instruction librarians That is why Teaching First Year College Students A Practical Guide for Librarians is a comprehensive how to guide for both new and experienced librarians interested in planning teaching and assessing library instruction for first year students The book Examines the related histories of library instruction and first year experience initiativesSummarizes and synthesizes empirical research and educational theory about first year students as learners and novice researchersEstablishes best practices for engaging first year students through active learning and inclusive teachingFeatures excerpts from interviews with a number of instruction librarians who work with first year students in a range of positions and instructional

contextsIncludes examples of activities lesson plans and assessment ideas for first year library instruction for common first year course scenariosIncludes a template to use for library instruction lesson planningWritten by a library instruction coordinator with a graduate degree in First Year Studies and a first year instruction librarian Teaching First Year College Students A Practical Guide for Librarians is the first comprehensive how to guide for both new and experienced librarians interested in planning coordinating teaching and assessing library instruction for first year students *Catalog of Copyright Entries.
