Rethinking Globalization Dawood Mamoon,2024-03-17 Globalization in economics sciences means the movement of goods and services and financial flows along international borders The book presents a rich literature review to establish the efficacy of globalization in raising income levels across nation states as well as it is foundational to economic development of a nation state However with a recent trade war between US and China it is now understood that globalization that started with reduction in trade barriers across nation states in 1980s is concluding Notwithstanding the conclusion of hyper globalization after US and China trade war when President Trump imposed multi billion dollars of tariffs on Chinese imports in 2016 international trade is still central to every country s national progress through foreign exchange earnings This book analyses how globalization can be interacted with socio economic variables like rule of law educated population or democracy to create an effective pro poor strategy for developing countries If international trade is embraced without having significant improvements in social sector globalization may create income disparities because international trade and globalization favors urban areas and educated segments of the population in developing countries

Global Transformations David Held,1999 In this book the authors set forth a new model of globalization that lays claims to supersede existing models and then use this model to assess the way the processes of globalization have operated in different historic periods in respect to political organization military globalization trade finance corporate productivity migration culture and the environment Each of these topics is covered in a chapter which contrasts the contemporary nature of globalization with that of earlier epochs In mapping the shape and political consequences of globalization the authors concentrate on six states in advanced capitalist societies SIACS the United States the United Kingdom Sweden France Germany and Japan For comparative purposes other states particularly those with developing economics are referred to and discussed where relevant The book concludes by systematically describing and assessing contemporary globalization and

appraising the implications of globalization for the sovereignty and autonomy of SIACS It also confronts directly the political fatalism that surrounds much discussion of globalization with a normative agenda that elaborates the possibilities for democratizing and civilizing the unfolding global transformation *Rethinking Globalization*, 2004 [Rethinking the Politics of Globalization](#) Iain Watson, 2002 *Gender and the Politics of Possibilities* Manisha Desai, 2008-12-16 *Gender and the Politics of Possibilities* explores the lesser known side of globalization beyond the effects of national governments and multinational cooperations by taking a look at grassroots movements by women that have and continue to shape globalization today Manisha Desai highlights the significant role that women play in cross border trade in Africa in transborder activism on issues that affect women and in cultural change and social justice *Rethinking Popular Culture and Media* Elizabeth Marshall, Özlem Sensoy, 2011 A provocative collection of articles that begins with the idea that the popular in classrooms and in the everyday lives of teachers and students is fundamentally political This anthology includes articles by elementary and secondary public school teachers scholars and activists who examine how and what popular toys books films music and other media teach The essays offer strong critiques and practical pedagogical strategies for educators at every level to engage with the popular [Rethinking Columbus](#) Bill Bigelow, Bob Peterson, 1998 *Rethinking Columbus the next 500 years* edited by Bill Bigelow and Bob Peterson is a resource guide for teachers and community activists which includes 90 essays poems short stories interviews historical vignettes and lesson plans that re evaluate the legacy of Columbus **Feminist Locations** Marianne DeKoven, 2001 The contributors to this volume look to the future of feminist theory and practice specifically in terms of their complex relationship with the global and local configurations of postmodernity It focuses on political issues and on questions of the body **Rethinking Our Classrooms, Volume 1**, **Rethinking Globalization from an African Perspective**, 2002 *Gender and the Politics of Possibilities* Manisha Desai, 2009 *Gender and the Politics of Possibilities* explores the lesser known side of globalization beyond the effects of national governments and multinational corporations by taking a look at grassroots movements by women that have and continue to shape globalization today Manisha Desai highlights the significant role that women play in cross border trade in Africa in transborder activism on issues that affect women and in cultural change and social justice
