Medical Astrology:

Medical Astrology - A Rational Approach J.N. Bhasin, 1970 It has been endeavoured to introduce a few specialties in this book Firstly to discuss for the benefit of the student of astrology a maximum number of diseases under astrological laws Secondly to supply in support of that discussion as many illustrations from actual life as is possible with a view to make the subject readily understandable Thirdly we have tried to place the astrological material in a rational logical manner so that the question of health and disease can be tackled in an independent way without being too much subservient to the shlokas of the text We do meet with shlokas dealing with most of the diseases but there are very few books if at all which discuss the how and why of disease We have attempted to discuss the constituents of diseases and the astrological factors representing them severely in order that the student can extend the application of the method to new diseases

Medical Astrology for Beginners Arun Bansal, The diseases are the result of our past karmas and indicated by weak and afflicted planets This can be easily understood by an astrologer Therefore every book on astrology has discussed the diseases and yogas for these diseases are scattered throughout the astrological literature Some of these Yogas have been compiled in this book for the intelligent readers with the observations and experiences of author Author has used the astrology for the purpose of diagnosis as other laboratory tests MRI and CAT SCAN etc It gave good results to understand whether the chronic diseases are curable or not Moreover it has helped to understand the time period of onset of the disease which no other science can explain Therefore astrology is science of sciences One must be careful while predicting diseases because so many factors are involved in prediction Only the yoga for disease is not sufficient If the yoga is aspected by benefic planets the results will be nullification of malefic influence The disease depends on the strength of the disease producing planets Even if a disease may be indicated from a house from lagna but from Moon and navamsha lagna the same house is strong and lord is fortified the malefic influence may get cancelled Therefore while judging one must consider the house lord of house and karaka of the house rashish where the lord of house is posited i e dispositor and navamshesh the lord of house in navamsha chart where the lord of the house is posited and relationship in navamsha chart between lagna lord and lord of the house into consideration from lagna Moon navamsha lagna and nakshatra of the planet in which he is posited One must take into consideration the nature and qualities of the planets causing the disease functional benefic or malefic to the lagna house in which they are posited The benefic planet will certainly cause less harm than the malefic planet The relationship between the two planets also affects the disease producing capacity The relationship is also natural and functional The aspect and conjunction of the planets should also be taken into consideration The retrograde malefic planet is more powerful in causing diseases than the normal malefic planet The retrograde benefic planet does not protect the native When a benefic planet is lord of maraka house and posited in that house it becomes strong maraka planet Keeping the above factors into consideration we can predict the timing of onset of diseases with the help of dasha system and Gochar The most common dasha system

employed is Vimshottari dasha system Still we can divided the timing of diseases into 1 Yogas present in the horoscope 2 Dasha bhukti Paratyantar dasha 3 Transit Gochar 4 Horary All these factors have been discussed in this book in detail

Introduction to Medical Astrology Wanda Sellar,2014-06-04 Medical astrology is a fascinating subject yet undoubtedly a rather challenging one In this work however the author attempts to ease the path towards greater understanding of traditional astrological principles regarding health as well as introducing some new experiential ideas These have been developed through her long practice in this field What can sometimes be helpful in studying a chart is to understand the psychological underlay to medical conditions inherent in the cosmic pattern The many charts included in this work from the author's own casebook as well as the charts of some public figures both current and historical suggest guidelines for interpretation This book is recommended for anyone who is interested in exploring medical astrology in greater depth and perhaps including some aspects of it in their own astrological work

Medical Astrology Eileen Nauman,1996-05-01 Health A holistic approach to medical astrology Eileen Nauman inventor of the Med Scan Technique explores medical astrology through signs planets and aspects She makes the complex simple for anyone to understand and utilize Astrology Part I is the medical astrology guide Seven case histories show the efficacy of medical astrology in action and how it can help not only the patient but the medical doctor and health practitioner as well Medical transits are discussed in detail Nutrition Part II is a guide to nutrition Information on vitamins mineral homeopathy the endocrine system and Bach Flower Remedies empowers the reader to find everything in one book A glossary of medical terms is included Her web site www.medicinegarden.com has many more articles on medical astrology information on flower and gems essences and other related fields of interest

The Science of Medical Astrology Ramesh Rao N., Alex Hankey,2020-01-21 A new book on Jyotisha Astrology Its experimental proof in cell biology and the science behind it Unbelievable Could you possibly imagine a book that provided a scientific proof of astrology One that not only tells the story of many scientific experiments testing and verifying astrological predictions but which also provides a full physical theory of the science behind it In other words a book that examines astrology on a full scientific basis The Science of Medical Astrology The Experimental Proof of Jyotisha does exactly that Written by a rare combination of supremely skilled individuals one a top expert in veterinary science with a reputation that takes him for private consultations all over India and the other a scientist with top qualifications from two of the world's best scientific universities a Master's in Natural Sciences from the UK's University of Cambridge and a PhD from M I T partly directed by a famous Nobel laureate in physics Ramesh Rao Narayan PhD and Alex Hankey PhD are the authors of this extraordinary text As a young vet from Bangalore Ramesh Rao Narayan refused to accept a Jyotishi's warnings of a nearly fatal accident Over the next three years as he lay in bed recovering he learned India's ancient system of Jyotisha astrology As luck would have it Professor Alex Hankey who directs PhD research at the S VYASA Yoga University met Ramesh Rao and agreed to become his PhD guide on the very day that he joined the university The book is an outgrowth of Ramesh Rao's

insights and PhD research combined with Alex's scientific skills. It tells a simple story: first experiments on vaccination of sheep and goats were compromised by a deadly storm that killed a third of the flock. Resulting data were problematic. Friendship with the Director of the Institute producing veterinary vaccines for all Karnataka led Ramesh Rao to embark on a new series of experiments where predictions were made about the success of such production processes. Very clear results were obtained: Jupiter and the Moon supported life while Rahu, the North Node of the Moon, opposed it. Solar eclipses had even stronger inimical effects than Rahu. Ramesh Rao's research was much acclaimed and won him the Best Research in Conference Award at the WAIRCO Conference in Colombo in 2013. Alex developed a theory combining complexity biology and quantum astrophysics that India's greatest living physicist could not fault. The rest is history, compellingly narrated in the book *Essentials of Medical Astrology* Harry F. Darling, 1981. *Essentials of Medical Astrology* is a classic and definitive volume about medical astrology. Within these pages are chapters devoted to Physiology, health and disease, Basic and more advanced principles of medical chart delineation, The influence of the cardinal fixed and mutable signs, Degenerative disease. Numerous examples illustrate the broad range of medical astrology techniques included in this book and a comprehensive glossary of medical terms provides an excellent reference tool for the astrologer. *An Encyclopaedia of Medical Astrology* H. L. Cornell, 2020-03-04 First Edition 1933 **Dictionary of Medical Astrology** Diane L. Cramer, 2000-09 **Medical Astrology** Heinrich Daath, 2024-07-29 *Medical Astrology* by Heinrich Daath is an authoritative and illuminating exploration of the ancient practice of using astrology to understand and influence health and well-being. Daath, a distinguished astrologer and scholar, bridges the gap between traditional astrological wisdom and modern medical knowledge, offering readers a comprehensive guide to the principles and applications of medical astrology. In this profound work, Daath delves into the intricate relationships between the celestial bodies and human health. He explains how the positions and movements of the planets can affect physical and mental health, providing insights into the underlying causes of various ailments and conditions. Through detailed explanations and practical guidance, Daath demonstrates how to interpret astrological charts to gain a deeper understanding of individual health profiles and potential predispositions. *Medical Astrology* also includes historical context, tracing the roots of medical astrology in various cultures and highlighting its evolution and relevance in contemporary holistic health practices. Daath emphasizes the importance of integrating astrological insights with modern medical knowledge to achieve a balanced and effective approach to health and healing. Heinrich Daath's *Medical Astrology* is a must-read for astrologers, holistic health practitioners, and anyone interested in the powerful connections between the cosmos and human health. It stands as a testament to the enduring wisdom of medical astrology and its potential to enhance our understanding of health and well-being. **Essentials of Medical Astrology** Dr. K S Charak, 2002 **Encyclopaedia of Medical Astrology** Howard Leslie Cornell, M. D. Howard Leslie Cornell, 2010-10 In my years of practice as a physician, I have, by the use of Astrology, been able to very quickly locate the seat of the disease, the cause of the trouble, the time when

the patient began to feel uncomfortable as based on the birth data of the patient and this without even touching or examining the patient and my intense desire to get this knowledge and wisdom before students and Healers in a classified form is the reason for this Encyclopaedia When once you have discovered the cause of the disease and understand its philosophy and the relation of the patient to the great Scheme of Nature the matter of treatment I leave to you and according to the System and Methods you may be using pg 502 This is not only the best book ever written on medical astrology it is also the best medieval medical reference ever put in print This book excels in diagnosis in other words if the symptom is X then the astrological cause is Y Which becomes the key to reading the patient s chart or his decumbiture Cornell writes in traditional language The same language in fact as you will find in Culpeper Saunders Lilly Blagrave and many others This book is the key that will open these and many more Howard Leslie Cornell M D 1872 1938 was a naturopathic physician with a practice in the US and India In 1918 he set about to compile the medical references in his many astrology books As he himself wrote it became a momentous task eventually comprising two large ledgers These were then arranged classified disentangled and wrote into readable form Only at that point did he consider making a proper book of it and set about retyping and rearranging yet again The result of 15 years work was published in 1933 It has been in print off and on ever since It remains the one indispensable medical astrology book The Encyclopaedia of Medical Astrology repays close study A page by page reading is most rewarding

Traditional Medical Astrology J. Lee Lehman, 2012 Medical Astrology is no longer a specialty that only a few astrologers can learn to use as was the case for the last century Presented here is a step by step approach to teaching the logic of this field which traditionally was part of every natal astrologer's work Included are natal horary and electional methods as well as an extensive history of medical astrology and its uses Dr Lehman offers the traditional astrological methods for this system also emphasizing that medical astrology was always an adjunct to medicine not a complete system by itself This book is designed for the intermediate student in astrology who wants to learn the basics of how this system works Both theory and practice of these methods are taught

The New Medical Astrology Mario Kertscher, 2025-04-14 The teaching of a New Medical Astrology is an attempt to bring medicine and astrology closer together again While medicine has continued to develop and gain new insights into the organs classical astromedicine has hardly developed at all in the last 2000 years since the doctrine that Aries begins with the head and Pisces ends with the feet After 40 years of thorough research the New Medical Astrology is now based on 12 vital organ systems within the head and torso which correspond to the 12 signs of the zodiac Unlike in Hippocrates time more than 2000 years ago the arms and legs do not play a major role in the new classification as they do not represent vital organs This work is a new connection between the psychological astrology human anatomy psychosomatics and eye diagnosis This textbook forms the basis for learning astrology New Medical Astrology and at the same time forms a bridge to the psychosomatic explanations of illnesses in relation to the individual zodiac signs The intention was to write a textbook in an easily understandable way and to avoid confusing foreign or technical terms that too difficult to understand This makes it equally suitable for learning teaching or just exploring for both young and old explorers of astrology This astrological textbook includes the following topics The basics of astrology planets and elements The astrological house system based on Placidus The beginnings of Astrological Medicine The basics of the New Medical Astrology The twelve zodiac signs and their anatomical assignments The strengths and weaknesses of each zodiac sign The psychosomatic meanings to most diseases
