REVISION:

This document is intended for use by authorized NOKIA service centers only.

"Service Schematics" was created with focus on customer care. The purpose of this document is to provide further technical repair information for NOKIA mobile phones in Level 2/3 service activities. It contains additional information such as e.g. "Component finder", "Frequency band table" or "Antenna patch table". The "Signal receiver" page gives a good and fast overview about the most important signals and voltages on board. Taking precise time and sharpening the repair quality is the aim of this document. It can be used additionally to the service manual and other training or service information such as Service Bulletins.

All measurements were made with following equipment:

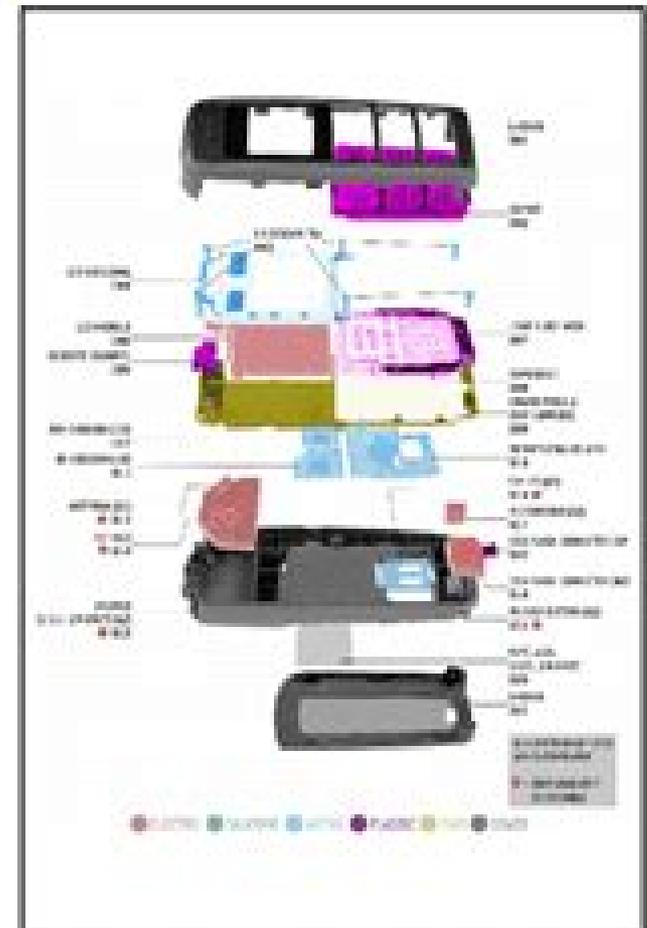

Mobile repair kit	Fluores version F205 (2.5.00)
