Overview Of Supercharge Your Sermons System:

The New Model of Love Charles Lim Wu, 2018-05-11 Throughout history we've been conditioned by society, media, education, and family to believe we need love to be happy. In The New Model of Love, author Charles Lim Wu examines and challenges this tightly held and deep-seated belief. He shows how love has evolved throughout the years and discusses the importance of realizing and accepting these changes to positively move forward. Wu looks at and redefines love. He explores the origins of the old model of love and tells how it no longer serves us to remain within its confines. The New Model of Love discusses how it can be daunting to confront the old model, but once that fear is conquered, you'll be free to love as you've never loved before. Once you accept the new model, you'll find freedom in love and liberation from the shackles of needing love from others. You'll stop seeking love and start creating it for yourself. Using his personal experiences and discoveries as a backdrop, Wu offers an opportunity to experience abundant joy and happiness in all your relationships with the goal of naturally and freely experiencing infinite love.
