Omega Psi Phi Membership Selection Process Guide:

With Faith in God and Heart and Mind Maurice J. Hobson, Eddie R. Cole, Jim C. Harper, Derrick P. Alridge, 2025-05

When Edgar A Love Oscar J Cooper Frank Coleman and Ernest Everett Just founded the historically Black fraternity Omega Psi Phi on November 17 1911 at Howard University they could not have known how great of an impact their organization would have on American life Over the 110 years that followed its members led colleges and universities served in prominent military roles made innumerable contributions to education civic society science and medicine and at least one campaigned for the US presidency This book offers a comprehensive authoritative history of the fraternity emphasizing its vital role through multiple eras of the Black freedom struggle The authors address both the individual work of its membership which has included such figures as Carter G Woodson Bayard Rustin Roy Wilkins James L Farmer Jr Benjamin Elijah Mays James Clyburn Jesse Jackson and Benjamin Crump and the collective efforts of the fraternity s leadership to encourage its general membership to contribute to the struggle in concrete ways over the years The result is a book that uniquely connects the 1910s with the present showing the ongoing power of a Black fraternal organization to channel its members toward social reform

During the twentieth century black Greek Letter organizations BGLOs united college students dedicated to excellence fostered kinship and uplifted African Americans Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr Congresswoman Barbara Jordan novelist Toni Morrison and Wall Street pioneer Reginald F Lewis Despite the profound influence of these groups many now question the continuing relevance of BGLOs arguing that their golden age has passed Partly because of their perceived link to hip hop culture black fraternities and sororities have been unfairly reduced to a media stereotype a world of hazing without any real substance The general public knows very little about BGLOs and surprisingly the members themselves often do not have a thorough understanding of their history and culture or of the issues currently facing their organizations To foster a greater engagement with the history and contributions of BGLOs **Black Greek Letter Organizations in the Twenty first Century Our Fight Has Just Begun** brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members Editor Gregory S Parks and the contributing authors provide historical context for the development of BGLOs exploring their service activities as well as their relationships with other prominent African American institutions The book examines BGLOs responses to a number of contemporary issues including non black membership homosexuality within BGLOs and the perception of BGLOs as educated gangs As illustrated by the organized response of BGLO members to the racial injustice they observed in Jena Louisiana these organizations still have a vital mission Both internally and externally BGLOs struggle to forge a relevant identity for the new century Internally these groups wrestle with many issues including

hazing homophobia petty intergroup competition and the difficulty of bridging the divide between college and alumni members Externally BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism sexism and other types of fear driven behavior By embracing the history of these organizations and exploring their continuing viability and relevance Black Greek Letter Organizations in the Twenty first Century demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead
