contains Data sets from text **Statistical Thinking for Managers** David K. Hildebrand,Lyman Ott,1998 Focusing on the
analysis of data using modern statistical and spreadsheet software Hildebrand and Ott emphasize making sense of data and
discuss not only how a statistical method is applied but why and why not Throughout the book the authors integrate
computer use into the development of statistical concepts emphasizing the value of looking at data to make sure the right
questions are being asked The real life applications and examples throughout challenge students to think like managers The
case that concludes every chapter asks students to deal with a relatively unstructured situation and to explain the statistical
reasoning in nontechnical language Modern statistical methods including resampling and bootstrapping are included In
addition the authors emphasize quality control and improvement throughout the book and include three full chapters on
regression and correlation methods New Directions in Elementary School Mathematics Emma E. Holmes,1995 A new
