**Knowledge Management** John F. Wilson,Ian Jones,Steven Toms,2021-07-19 This shortform book presents key peer reviewed research selected by expert series editors and contextualised by new analysis from each author on the subject of knowledge management in industrial history With contributions on knowledge management knowledge transfer knowledge loss knowledge creation competition and co operation in producing skilled employees and ownership structures and their relation to knowledge management this volume provides an array of fascinating insights into industrial history Of interest to business and economic historians this shortform book also provides analysis and illustrative case studies that will be valuable reading across the social sciences

**The Perversion Of Knowledge** Dr. Vadim J. Birstein,2009-09-09 During the Soviet years Russian science was touted as one of the greatest successes of the regime Russian science was considered to be equal if not superior to that of the wealthy western nations The Perversion of Knowledge a history of Soviet science that focuses on its control by the KGB and the Communist Party reveals the dark side of this glittering achievement Based on the author s firsthand experience as a Soviet scientist and drawing on extensive Russian language sources not easily available to the Western reader the book includes shocking new information on biomedical experimentation on humans as well as an examination of the pernicious effects of Trofim Lysenko s pseudo biology Also included are many poignant case histories of those who collaborated and those who managed to resist focusing on the moral choices and consequences The text is accompanied by the author s own translations of key archival materials making this work an essential resource for all those with a serious interest in Russian history
