**Geographical Knowledge Construction and Production** Archie K. Deen, 2015-09-02 Geographical Knowledge Construction and Production Teacher and Student Perspectives is a readable and illuminating account of three high school classrooms in suburban Atlanta Georgia It challenges the narrow focus of the Advanced Placement AP programme as a tool for admission into colleges and universities in the United States The research provides insight into the College Board s AP programme and argues for teaching and learning that is transformative and geared toward equipping students with the skills and knowledge necessary to confront the challenges of the 21st century In particular it advocates for geographic education that is anchored in the structure of the subject teasing wherever possible the contradictions and tensions embedded in the complexities of facts relating to people and places This book is essential reading for professors and students of education teachers and students of AP courses parents administrators and state and federal agencies vested in the AP programme

**Cognitive Processing of the Chinese and the Japanese Languages** C.K. Leong, Katsuo Tamaoka, 1998-12-31 The area of cognitive processing of Chinese and Japanese is currently attracting a great deal of attention by leading cognitive psychologists They aim to find out the similarities and differences in processing the morphosyllabic Chinese and Japanese syllabary as compared with alphabetic language systems Topics under the processing of Chinese include the use of phonological codes in visual identification of Chinese words the constraint on such phonological activation recognition of Chinese homophones Chinese sentence comprehension and children s errors in writing Chinese characters Topics under the processing of Japanese include the automatic recognition of kanji within an interactive activation framework On reading and Kun reading of kanji characters processing differences between hiragana and kanji the effect of polysemy on katakana script and the writing behavior of Japanese and non Japanese speakers The interactive activation model provides the phonologic orthographic links in processing both language systems The present volume should add greatly to our understanding of this topic Many of the contributors are internationally known for their experimental psychological work Jane Austen's Pride and Prejudice Robert Morrison, 2009-05-07 This guide takes the form of a sourcebook combining reprinted contextual and critical documents with extensive introductory comment and annotation by the volume editor The Routledge Handbook of Multilingualism Marilyn Martin-Jones, Adrian Blackledge, Angela Creese, 2012-05-31 The Routledge Handbook of Multilingualism provides a comprehensive survey of the field of multilingualism for a global readership and an overview of the research which situates multilingualism in its social cultural and political context The handbook includes an introduction and five sections with thirty two chapters by leading international contributors The introduction charts the changing landscape of social and ethnographic research on multilingualism theory methods and research sites and it foregrounds key contemporary debates Chapters are structured around sub headings such as early developments key issues related to theory and method new research directions This handbook offers an authoritative guide to shifts over time in thinking about
